Remember more than one half of the money spent on advertising yearly, goes for ads which are used for kindling purposes 48 hours after publication.

It is not so
with A City Directory Ad

for they are bought to be used continuously throughout the entire year by the general public and business men alike.

Your ad is there on file, as in a ledger, indexed by the Classified Heading of the business in which you are engaged, and can be turned to immediately when wanted.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for THREE HUNDRED and FIVE days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 = 1{,}067{,}500$$

When one speaks of Newport today, it is usually in connection with the doings of its wealthy summer residents, or activities at the great naval station which Uncle Sam has established along its waterfront. Thousands of persons, from all sections of the country, view the magnificent estates of "The 400" yearly and the immense establishment where the nation's naval officers and enlisted men are trained in the arts of war and engines of destruction are fashioned, content to see the things that are and thinking little of the ancient landmarks which made of Newport a centre of industry and culture two hundred years ago.

It was in 1639, that William Coddington, man of affairs, here established, with a handful of followers, seceders from Portsmouth, a "body politick" based upon religious freedom and tolerance. The church which John Clarke, preacher and physician, founded, believed by some to be the first Baptist church in America, still exists, and his grave has become almost a religious shrine. Not far away, on Touro Street, is the oldest Jewish synagogue in the country, built in 1763 and long acclaimed as an architectural masterpiece in its interior.

The location of the little settlement at the mouth of Narragansett Bay made it ideal for commerce, in which it was a close rival of both Boston and New York. Ships were built in its harbor and sailed away on trading voyages, carrying in their holds products of the little shops and factories established in the town, including those of several distilleries. For many years these activities continued while Providence was still referred to as one of the "out plantations" of the colony.

When French and British privateers began preying upon the commerce of the seas, Newport ship owners and sailors were not long in following suit. And so successful were they in their daring endeavors that they were called "pirates" by the London government. Many were the rich cargoes brought into the harbor of Newport by these freebooters of the seas and many were the fortunes soon established in this business. The notorious Captain Kidd is said to have had friends in Newport and to have visited Rhode Island.

The slave trade also occupied the attention of Newport merchants for quite a period and for several years Newport was known as a slave trading centre.

As the town increased in size and richness, it also extended its cultural advantages. Men of learning here found an atmosphere to their liking and enjoyed the hospitality offered and, until the British occupied the town for three years during the Revolution, Newport was the gathering place of savants of both the old and new world.

Newport was incorporated as a city on June 1, 1784, but the charter was repealed three years later. Nearly seventy years later, in 1853, it was again chartered.

The first spot sought by most visitors is the famous beach sometimes known as Easton's Beach, but commonly known as "The Beach" the center of Newport's summer activities, though the socially select are to be found at Bailey's Beach on the Ocean Drive.

The Cliff Walk, starting at the beach, skirts the cliffs along the ocean and ends at Spouting Rock Beach. It passes on the shoreward side the lawns, gardens and great mansions of the Goelets, the Vanderbilts and the Astors and many more.

None should miss the Ocean Drive with its uninterrupted view of the forty to fifty miles of rugged coast line extending from Sakonnet Point on the east to Point Judith on the west, unequalled along the Atlantic Coast.

For the lovers of outdoor sports there are the Newport Country Club, and the Wanumetonomy Golf Club.

Across the Harbor, on Goat Island, is the U. S. Torpedo Station where the torpedoes are made. At the north end of the city on Coasters Harbor Island is the Naval War College and the U. S. Naval Training Station.

One could travel through its quaint, narrow streets for several days, viewing objects of great interest on every hand. Among the points of interest, in addition to the foregoing, are: The Old State House, the Governor Nichols or Hunter House, Washington Street, the Vernon House, Mary and Clark Streets, Jewish Synagogue, the Jewish Cemetery, the Old City Hall (home of the Chamber of Commerce), Redwood Library, Touro Park and the Old Stone Mill, Trinity Church, the Friends' Meeting House, Newport Artillery Armory, the Art Association.

WARD BOUNDARIES

The city of Newport is hereby divided into four representative districts, bounded and described as follows—

The First Representative District shall consist of all that part of said city bounded by a line beginning at a point on the shore line of Coddington's Cove, at Sargent avenue; thence, running in a south and southeasterly direction, through the center of said Sargent avenue to Maple avenue; thence, in an easterly direction through the center of said Maple avenue to Girard avenue; thence, in a southerly direction through the center of said Girard avenue to Malbone street or road; thence, in a southwesterly direction through the center of said Malbone street or road to Garfield street; thence in a westerly direction through the center of said Garfield street, to Hall avenue; thence, in a southerly direction through the center of said Hall avenue to Warner street; thence, in a southwesterly direction through the center of said Warner street to Farewell street; thence, in a southeasterly direction through the center of said Farewell street to Marlborough street; thence, in a westerly direction through the center of Marlborough street to Thames street; thence, in a southeasterly direction through the center of said Thames street to Washington square; thence, in a westerly direction on a line running on the south side of a wharf known as Long Wharf to the harbor line; thence, in a northerly direction along said harbor line to the point of beginning. This District shall also include the Islands known as "Goat Island" and "Coaster's Harbor Island."

The Second Representative District shall consist of all that part of said city bounded by a line beginning at a point on the shore line of Coddington's Cove where it is intersected by the boundary line between the town of Middletown and the City of Newport; thence running in a general southeasterly direction along said boundary line to a point of intersection where a line in extension of said boundary line would meet a road known as the Water Works road; thence, in a southwesterly direction through the center of said Water Works road to Prairie avenue; thence, in a northwesterly direction through the center of said Prairie avenue to the Boulevard; thence, in a southwesterly direction through the center of said Boulevard and the center of Kay street to Cranston avenue; thence, in a westerly direction through the center of Cranston avenue to Broadway; thence, in a southwesterly direction through the center of said Broadway to Marlborough street; thence, in a westerly direction through the center of said Marlborough street to Farewell street; thence, in a northwesterly direction through the center of said Farewell street to Warner street; thence, in a northeasterly direction through the center of said Warner street to Hall avenue; thence, in a northwesterly direction through the center of said Hall avenue to Garfield street; thence, in a northeasterly direction through the center of Garfield street to Malbone street or road; thence, in a northwesterly direction through the center of said Malbone street or road to Girard avenue; thence, in a northerly direction through the center of said Girard avenue to Maple avenue; thence, in a westerly direction through the center of said Maple avenue to Sargent avenue; thence, through the center of said Sargent avenue to a point where a line in extension of said avenue would meet Coddington's Cove; thence, in a northeasterly direction to the point of beginning.

The Third Representative District shall consist of all that part of said city bounded by a line beginning at a point of intersection of the boundary line between the town of Middletown and the City of Newport extended to a road known as the Water Works road; thence, running in a southeasterly direction along said boundary line between said Town of Middletown and said City of Newport to the shore line; thence, in a general southerly direction following said shore line to a point in Bailey's Beach, which would be intersected by an extended line to the center of Bellevue avenue; thence, in an easterly direction through the center of said Bellevue avenue to a point where said avenue turns at right angles opposite the property owned by James B. Duke, et al; thence, in a northwesterly direction through the center of said Bellevue avenue to John street; thence, in a westerly direction through the center of said John street; to Spring street; thence, in a northerly direction through the center of said Spring street to Franklin street; thence, in a southwesterly direction through the center of said Franklin street along the southerly boundary of the wharf known as Commercial Wharf to the harbor line; thence, in a northwesterly direction along said harbor line to the southern boundary line of the wharf known as Long Wharf; thence, in an easterly direction along said southerly boundary line of said Long Wharf to Thames street; thence, in a northerly direction through the center of said Thames street to Marlborough street; thence, in an easterly direction through the center of Marlborough street to Broadway; thence, in a northeasterly direction through the center of said Broadway to Cranston avenue; thence, in a southeasterly direction through the center of said Cranston avenue to Kay street; thence, in a northeasterly direction through the center of said Kay street to Prairie avenue; thence, in a northeasterly direction through the center of said Prairie avenue to a road known as the Water Works road; thence, in a northeasterly direction through the center of said Water Works road and a line in extension of said road to the point of beginning.

The Fourth Representative District shall consist of all that part of said city bounded by a line beginning at a point in the center of Bellevue avenue opposite John street; thence, running in a southeasterly direction through the center of said Bellevue avenue to a point where said avenue turns at right angles opposite the estate owned by James B. Duke, et al.; thence, in a westerly direction through the center of said Bellevue avenue and a line in extension at Bellevue avenue to the shore line at Bailey's Beach; thence, following said shore line in a general southwesterly, northeasterly and northerly direction to the harbor line on the southern boundary line of Commercial Wharf; thence, in an easterly direction along the southern boundary line of said Commercial Wharf to Franklin street, thence, in an easterly direction through the center of said Franklin street to Spring street; thence, in a southerly direction through the center of Spring street to John street; thence, in an easterly direction through the center of said John street to the point of beginning.

The difference between

Reference and

Creative media

is their **direction**

The seller's effort to stimulate demand is well carried by outgoing, extensive, display media, but—

he should remember that initiative rests with the buyer, and when the hunt for the goods begins, creative media which may have built up the demand, are at a disadvantage.

It is the difference between *coming* and *going*.

The creative advertising is going after the prospect, to make him want to buy, but when you have him coming, reference media should be used to connect the demand with the local supply. Every effort should be made to direct the purchaser to the goods advertised, at the point where they may be seen.

It is here that reference media, directories, find their logical place in the cycle of the sale.

STREET DIRECTORY

AND GUIDE TO

SUMMER RESIDENCES

COPYRIGHT, 1931, SAMPSON & MURDOCK CO., BOSTON, MASS.

(*See also List of Summer Residents*)

Giving the location of the Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect

From this list, the location of any number on a street, or the location of any public building, can be easily ascertained; as, for instance, wishing to know at what part of Broadway No. 220 is located, you look at Broadway, and find that Gould Street runs from 202, and Park Street from 226, showing that 220 would come on the left, between Gould and Park Streets

When a street crosses another, numbers (or ciphers) are given on both sides; but when it begins or ends at that street, the number is given only on the side at which it intersects. Ciphers are used where no numbers exist

*Indicates streets accepted. **Indicates part of street accepted

YOU LIKE to Patronize those Concerns Who are in Business to Stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

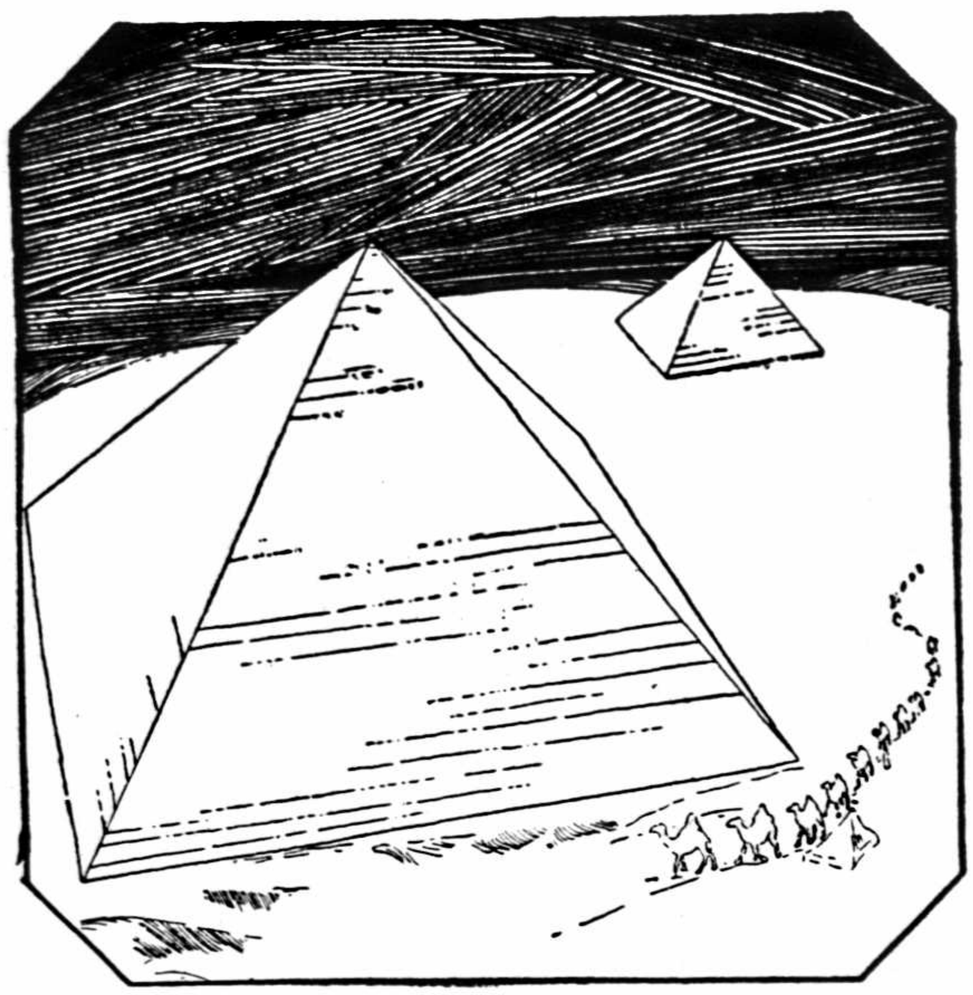

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

IF YOU ARE NOT ADVERTISING YOUR BUSINESS IN THE DIRECTORY, MAY WE EXPLAIN HOW AND WHY IT WILL PAY YOU?

A Lasting Advertisement

Insuring Maximum Coverage at Minimum Cost Is Now Available

City Directory Advertising lives as long as the book is current. It is readily at hand and can, through cross indexing of proper representation, be made easy to find and fully informative. Any business-man, desirous of effectively registering a service or product, in such a manner as will form a permanent advertisement, owes it to himself and his business to be thoroughly informed on City Directory Advertising.

Your City Directory is not alone a local medium. By a system of distribution through nearly 500 City Directory Libraries, your advertisement takes on a national aspect. Send for descriptive Library Folder and Privilege Card.

NATIONAL ADVERTISERS

Are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the City Directory. Put "See the City Directory for our local agent" on all your advertising, and see to it that he is listed under all the classifications of your line.

LOCAL ADVERTISERS

Will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

Silver trophy awarded each year by the Direct Mail Advertising Association for the best direct advertising campaign of the year with letters a prominent part. Won by Sampson & Murdock Company in 1929 for campaign prepared for the Copley-Plaza Hotel; won by Sampson & Murdock Company in 1930 for campaign prepared for the Workingmens Co-operative Bank.

IT'S well to know what sort of background an advertising house has before you spend your money and entrust the directing of your selling policy into its hands.

Good advertising brains, long and varied experience, mechanical equipment of the latest and most approved types, and financial responsibility—these are the things that make Sampson & Murdock Company one of the most important direct advertising firms in the East.

Directory publishers since 1846, compilers of special mailing-lists ever since mailing-lists have been used, and now—the latest stage of a progressive development—a completely staffed and splendidly equipped creative direct advertising house.

As proof of the quality of our work we invite your inspection of any advertising campaign we have produced, and call your attention to the prize award pictured at the top of this page which stamps our work as uniformly successful. As proof of the up-to-dateness of our equipment and the proficiency of our mechanical layout, we invite your inspection of our offices, our directory library, and our two plants at your own convenience. As proof of our financial responsibility, we invite your inspection of our rating in Bradstreet's or Dun's.

We will appreciate the opportunity to consult with the officers of any firm interested in the possibilities of carefully planned direct advertising as a stimulant to sales.

The Return Circuit in Advertising

The circuit must be completed before the bell will ring
The Buyer must find the Seller before a Sale is made

Creative Advertising—in newspapers, magazines, billboards, etc., tends to suggest wants and to create desire.

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

This Directory is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

Have you made it easy for Buyers to find ***You?***

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

No Matter What the Thermometer Says

You need ICE every day in the year

EVEN if your ice box is kept in a back entry or cold pantry, it is no fit place for keeping food without ice. Lacking ice to stimulate cirulation, air in a refrigerator soon becomes musty, impure, odor laden.

Ice costs so little, especially in winter, that all can afford its reliable, all-year protection. Just instruct our delivery man to *keep* your ice box *well filled*.

CLEERCOAL

IMPORTED

the modern anthracite

The more ***heat units*** you get in coal, the less ash you shovel out of the heater.

Cleercoal is better than 95 per cent. PURE It actually leaves less than a barrel of ash to the ton.

A single ton will convince you that Cleercoal produces 20 to 30 per cent. more heat per shovelful than any other anthracite.

Make use of our Inspection and Cleaning Service

Our Service Men will show you how to get the best results from your Fuel.

There are two kinds of Advertising

That which the Buyer seeks, and that which is thrust upon him.

Both are good

Display advertising *suggests* wants and *creates* desire. Of its tremendous power many present day successes bear witness.

Reference Advertising steps in when the desire has been created. It shows where the goods can be purchased and gives information that the buyer wants *when he wants to buy.*

A Connecting Link

The weakness of display advertising is that often a need is not realized until the ad that suggested it is misplaced or thrown away.

A shrewd buyer usually looks the field over before buying and where is so logical a place to look as *in this book.*

A Help to You

In your buying, use the lists in this book. If you see a name in *heavy type* it is because that concern thought enough of your possible business to make it easy for you to find them. If it says "See page — —", you will find there information that will really help you.

Are You Covered?

Have you made it easy for buyers to find you, by putting a bold type listing under every heading where they might look for you or a competitor? Have you put information in the "Selling Section" that will really help a buyer, and point to *you* as the one who can serve him best?

If not, make a note to do it in the next edition, and let us tell you *now* how little it costs to be *protected.*

The Home of Good Directories

COMPILING DEPARTMENT

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of over eighty years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation.

ADVERTISING DEPARTMENT

Put—"We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

DIRECT MAIL DIVISION

111 Summer Street, Boston, Mass.

Addressing the right people in the search for new business means a saving of Time, Postage, Labor, Guess Work, Stationery; and results in more profits to you. You want your mailing lists accurate—That's the kind we make. We will also multigraph, address, stamp and mail your letters. All you need to do is to tell us your general plan. We will work out the details. Ask us to tell you about this branch of our business.

"Your Chamber of Commerce"

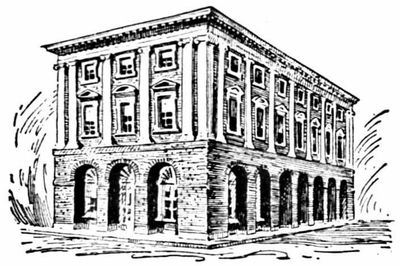

The Newport Chamber of Commerce

Stands for all that **Newport** is famous for—ideal climate—cooler in summer—warmer in winter—beautiful homes—more and more the place selected by home lovers and those who retire from business cares.

Sports of all sorts—famous tennis events—yachting, boating, golf, bathing, etc., etc.

The place to live to enjoy life and happiness above the average and where community spirit predominates.

The Newport Chamber of Commerce is located in the historic former City Hall, 169 years old. Occupancy made possible by the generosity of John Nicholas Brown and the City Government.
